

DEBRA CURRY WILLIAMS was raised in the Denver, Iron Station areas of Lincoln County. She is a graduate from East Lincoln High School. She is married to Darrell; and they have two sons who attended Lincoln County Schools.

Having lived in Lincoln County for my entire life, it is a #1 priority to take an active role in my community and schools. I am immensely passionate about education which is consistent with my professional life. The pandemic has brought about a tremendous challenge. Parents became educators using what knowledge they had. As a school board member, we need a contingency plan that partners with teachers and parents for educational challenges. Technology is a necessity as we build such a plan. It is an opportunity to embrace the change by welcoming technology and a new collaboration – teachers, parents, and administrators. Education today is not the same traditional plan that we have known, but working together, we can employ new strategies to offer our students, and I look forward to being part of the team that will develop and monitor those plans.
